Changes by us to your travel arrangements: Nordic Travel has the right to change, modify or cancel the travel arrangements, either in whole or in part for reasons beyond our control, or if we determine it is in the interest of safety and security or for operational reasons. Reasons include force majeure events and events such as if an airline changes its schedule, a natural disaster or political crisis occurs, a hotelier overbooks hotel accommodation, or an operator cancels a tour. If so, you will be notified as soon as possible, and we will endeavour to provide alternative arrangements of the same standard as that originally booked.

If the change/s result in the booking price being increased by more than 10% or the new travel arrangements are materially different from that contemplated prior to the change/s being effected, and in respect of which we have already accepted a deposit or balance of payment, you have the right to accept the new travel arrangements or, to ask for the monies already paid to be refunded, less any supplier and third party cancellation charges.

Entrance fees for attractions in Iceland: Some entrance fees payable throughout Iceland for attractions including but not limited to natural and historic sites are only payable locally in Icelandic Kroner. These entrance fees are not included in the price and must be paid by the traveller in cash at the time of entrance to the attraction.

Travel documentation: Travel documents are sent out approximately 2–4 weeks prior to the starting date of the travel arrangements, dependent upon when they are made available to Nordic Travel by our supplier. Documentation will not be sent until final payment has been received.

Commencement of Arrangements: Prior to making any other bookings (e.g. transport), it is your responsibility to take note of the date, time and place that your arrangements commence, so as to ensure that you arrive in time.

Traveller Assistance: Should a problem occur with your own travel arrangements before you start the tour (such as delayed arrival due to missed flights, illness, etc.) or, once our travel arrangements have started, it is essential that you try to resolve the problem immediately with the local supplier, particularly having regard to the difference in time zones between Australia and your destination. Your documentation shows their contact details and many problems can be rectified on the spot when you communicate your concerns. If you fail to take such steps locally, any claim for compensation may be reduced or denied. If you have any unresolved complaint, this must be sent to Nordic Travel in writing together with any supporting documentation, within 30 days of the date the complaint arises. No claim made after this period will be considered.

Passports, Visas and Other Documentation: Each traveller must carry a valid passport with at least six months validity remaining from the date of return date to the country of origin. Passport validity and visa requirements are the traveller's responsibility. Travellers are also responsible for travel information, namely all exit, entry, re-entry, health and other documents required by law, regulations, orders, demands or requirements of the countries visited, transited or returned to.

Hotels: If a hotel nominated is unavailable at the time of booking, the booking will be made in an alternative hotel of equivalent standard. Prices are based on standard, lead in accommodation. The mention of hotel facilities such as gyms, pool, parking etc does not imply that use of such facilities is available or is without cost to the traveller and such costs must be paid locally by the traveller.

Bedding Configuration: The term Double/Twin Room usually refers to a room with 2 single beds either pushed together for a Double Room or kept apart for a Twin Room. A Triple Room is a Double/Twin Room with an extra bed, usually being a sofa bed or rollaway bed, and accordingly may be cramped. Some hotels offer Triple Rooms only when the 3rd person is a child. Triple Rooms where offered are always subject to request.

Travel Insurance: We strongly recommend that at the time of booking with Nordic Travel, each traveller purchases comprehensive travel insurance. Comprehensive travel insurance includes cover for cancellation, medical and repatriation expenses, personal injury, death, cover for loss of baggage, money and valuables, personal liability, delay, curtailment, missed departure and legal expenses. If you suffer from a disability or medical condition, this may be a pre-existing medical condition which must be disclosed to your insurer when applying for travel insurance. Insurance cover offered by credit card companies or reciprocal medical cover agreements may not provide such cover or cover may be limited or require a certain level of expenditure with the credit card to be triggered. Take care that cover is not excluded under a travel insurance policy through your action or inaction, as you are responsible.
